Time has once again flown by. After organizing the Thresher staff in February, we got a late start and worked diligently to put together the yearbook. We would like to thank Jim Harder for his photographs as well as all the many other students who submitted photos. A big thank you also goes to the staff members who put in numerous hours towards completing the 1981 Thresher.

We, the editors, have put a lot of time and effort into the yearbook and are pleased with the results. We hope that if you are not satisfied you will become more involved next year into putting forth a quality yearbook.
